**Re: Expression of interest in future positions**

Dear Mr Smithton

I am currently a student in year 12 at Mount Gambier High School, aiming for a career in Avionics/Engineering Industry. The subjects I am studying are: English, Maths Applications, Business Studies, Chemistry and Physics.

I am writing in a hope that there may be a position available where I would be of benefit to you. I would be available to work any after school hours or weekends.

I have a positive and friendly nature and would work well in a team environment or independently. I am highly enthusiastic to prove myself in this field. I would be prepared to undertake any duties, would be a hard and dedicated worker as I am very keen to learn more about the Avionics/Engineering Industry.

I am attaching my resume for your review and I can be contacted on the above phone number. I look forward to an opportunity to discuss any future possibilities with you.

Regards,

John Smith
