Registered Training Organisation # 21642

TRAFFIC CONTROLLER/MANAGER

Unit BCCCM2013C Control Traffic with a stop/slow bat.

Unit BCCCM3003C Implement Traffic Management Plan.

These two units give **both** the competencies to: *control traffic on public roads & construction sites and to implement a traffic management plan for works on roads ensuring traffic flow is maintained & risk to safety of public & workers is minimised.*

<p>Overall Aim: This course aims to enhance the skills of participants in road & traffic control. Australian standards require state certification for people performing Traffic Control duties. Upon completion of this course participants will be able to demonstrate safe & effective controlling of traffic with confidence & implement a traffic management plan.</p>	<p>Delivery method: Training consists of a combination of both theory & practical assessment.</p>
